

## Thuraya SatSleeve +

Transform your Phone into a satellite smartphone

### Thuraya SatSleeve+

Thuraya SatSleeve is the smartest, fastest and simplest way to transform your iPhone into a satellite phone. Thuraya SatSleeve is the world's first satellite adaptor for the iPhone, providing you with easy and affordable access to mobile communication services delivered over Thuraya's powerful satellite network. Insert your iPhone into the SatSleeve to stay connected through phone calls and SMS via satellite mode – and put the entire world within reach.

### SatSleeve + Features

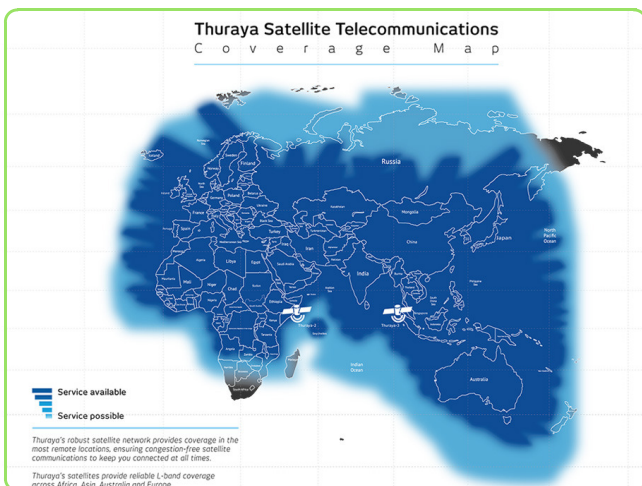

- Use your smartphone in satellite mode when there is no terrestrial network available to call and send text messages using your existing list of contacts.
- Email On-the-Go
- Send and receive emails from wherever you are.
- Access your apps while you're on the move – Social Media, Instant Messaging, information apps and many more.
- Easy-to-Use
- Simply connect your smartphone via Wi-Fi to the satellite unit and stay connected. The sound is now routed through the smartphone, resulting in even better sound quality.
- The SatSleeve Hotspot App is available as a free download from the App Store or from Google Play. Our app is available in 12 languages.
- Enhanced Safety Features
